MEMORANDUM FOR: Deputy Director (Support)

SUBJECT : Proposed []

Although we are concurring in the proposed Notice, it is noted that this Notice, together with several others in the [] series, are in conflict with Regulation [] or include information which should be in that Regulation, but is not. (The same objection could be made with respect to many other issuances.) The conflict or omission is that under [] the regulation is the issuance to "establish organization" and "assign responsibilities", while the proposed issuance would do these things by a Notice. If we are to have both types of issuances, we should use them properly so that the reader can rely on what he reads. It is recommended that the next time an organizational change in the Office of the Deputy Director (Intelligence) is made which calls for publication of an issuance, the necessary issuance take the form of an appropriate amendment to [] It should also amend that regulation to include the appropriate material from the several notices in the [] series and to rescind those notices.

MEMORANDUM FOR: Chief, Management Staff

SUBJECT: Establishment of Senior Research Staff on International Communism.

1. The attached memorandum, Tab A, requests approval to establish a Senior Research Staff on International Communism in the office of the Deputy Director (Intelligence).

2. Annex A of Tab A is a copy of a memorandum to the Director from the Special Assistant for Planning and Coordination, which recommends the establishment of the proposed Staff to perform operational research on, and study of, international Communism. Tab A states that the memorandum from the SA/FC was approved by the Director on 14 August 1955. Tab A also contains a statement of mission and functions for the proposed Staff, a proposed table of organization and brief position descriptions. The statement of mission and functions has been coordinated with DD/P representatives, who have suggested certain revisions. Tab B contains a new statement of mission and functions, proposed by the DE/I and concurred in by the Chief of Operations, DE/P.

3. The Management Staff has discussed the functions and I/O of the proposed Staff with representatives of that Staff and the Assistant to the DE/I (Administration). The additional cost involved will be absorbed within the current fiscal year budget of the DE/I. Three of the additional ceiling slots required are to be absorbed by the office of the DE/I; the other three ceiling slots are to be obtained by reducing the office of Central Reference ceiling by three. Approval of the request will not affect the functions or responsibilities of other Agency components.

4. Paragraph 3d of Tab A recommends the revision of appropriate Agency regulations and organization charts to include the proposed new Staff. However, since this is to be a component within the DE/I's immediate office, such revisions of the Agency regulations are not required. An appropriate Agency notice should, however, be published in order to publicize the new Staff's functions and to announce the appointment of its Chief. Tab C contains a proposed notice, which has the approval of the DE/I and the DE/P.

5. It is recommended that the following be approved, subject to position evaluation action by the Director of Personnel:

a. Establishment of the Senior Research Staff on International Communism with the requested T/O, reducing the ceiling of OCR by three and increasing the ceiling of the office of the DD/I by three.

b. Publication by the Regulations Control Staff of the proposed CIA notice contained in Tab C.
